

**Kwik Trip Commissary  
2200 Palace Street  
La Crosse, WI**

**Owner  
Kwik Trip Stores**

This 60,000 sq. ft. state of the art commissary was built out of tilt-up precast walls and has a 7,000 sq. ft. freezer/cold dock area. The building also has a 4,500 sq. ft. office area attached to it. There was a spiral freezer that was installed within the commissary. The whole building sits on geo piers due to the unstable soil at their location. Kwik Trip uses this facility to make all of their sandwiches, pizzas, salads, soups, etc.
