

**American Marine
2100 Dawson Avenue
La Crosse, WI**

**Owner
Pretaskyland, LLC**

This project is a pre-engineered 21,130 sq. ft. retail boat sales facility with corporate offices. The pre-engineered metal building was chosen for this project due to the project schedule and cost efficiency. Many different exterior finishes were utilized to produce an eye-catching facility. A 2,000 sq. ft. office mezzanine and a 1,000 sq. ft. exterior balcony were integrated into the design during construction, creating more usable space for the owner.
