**Owner**  
**Emerald Hardwoods**

This design/build project was a new 32,400 sq. ft. manufacturing facility. Since the initial project, Wieser Brothers has done two additions that increased the size to 72,400 sq. ft. Each phase of this project was designed to accommodate future expansion. The building use consists of area processing, staging, and corporate headquarters. The structure is a pre-engineered metal building utilizing a standing seam roof, metal wall panels, and masonry units.
